## 4. VALUES OF THE ORGANIZATION

**Commitment:** We believe commitment to our work shall lead to realization of significant positive changes in the lives of our organization and the community we work with.

**Sharing out:** We believe that development is brought about through combining efforts of different stakeholders; the communities we work with

have a significant contribution towards their own development

**Transparency:** We commit ourselves to be transparent in our organization and we shall inspire the same to the communities we work with.

**Trustworthy:** We believe that trustworthy can help us to work as a team and therefore achieve our goals much more efficiently. We are also convinced that trustworthy, in case of target group, is a pre-requisite for successful achievement of their objectives.

## 5. ORGANIZATIONAL GOVERNANCE AND MANAGEMENT

The organization has a Board of Directors composed of individuals with various professional backgrounds that contribute to the development of the organization and its activities. The board is responsible for ensuring a strategic leadership for the organization including development of relevant policies. The management team of the organization executes the day to day implementation of the organization and the programs.

## 6.0 STRATEGIC AREAS OF FOCUS

### 6.1 Sustainable Food and Nutrition Security Development

Food security and Nutrition is still a major concern for about 26% of people in rural areas of Southern Highlands especially in the lowland parts of the regions. In this respect ADP Mbozi, shall aim to improve food security and nutrition for smallholder households in lowland areas of Southern highlands by the end of year 2016. The following strategies will be addressed:

- Increase Crops and Livestock production
- Enhance post harvest management practices
- Improve nutrition and food budgeting
- Promote appropriate farming technologies

*Promoting climate smart agriculture*

### 6.2 Entrepreneurship and Markets development

This programme aims to change the mindset of farmers who are required to respond to market demand and not the other way round. This means that before a farmer starts land preparation he/she must have decided what to produce basing on profitability as the product he/she is producing is wanted in the market. The specific project areas to be addressed are:-

- Strengthen producer marketing groups and associations.
- Promote access to markets.
- Promote business development skills.
- Promote access to Market information.
- Enhance producers and traders relationship.
- Enhance access to financial services.
